

Finishes

Cumberland furniture achieves a harmony of expression across all its products through an offering of three versatile palettes – light, medium and dark. The light palette features timeless neutrals of muted coloration. The medium palette presents a range of browns in classic, stylish tones. The dark palette achieves its richness through a selection of elegant hues. Each palette enables a wide scope of expression/ Blending palettes multiplies the possibilities. The result expresses harmony for the eye that is sophisticated and enduring.

	Light		Medium		Dark	
Maple	MP-0	Natural	MP-08	Java	MP-09	Currant
	MP-02	Straw	MP-11	Taro	MP-13	Mink

Exotic Woods	AB	White Ash Burl	WB	Walnut Burl	EN	Quartered Macassar Ebony

General Finish Information

- Standard Finish is Semi-pore Medium Sheen 30-35 Catalyzed Lacquer Finish
- Full filled finishes require an additional charge of 15%
- Custom match finishes are a one time charge of \$450 list
- Full filled high gloss finishes require an additional charge of 20% and are not recommended for high traffic surfaces

Notes on the optional use of Ash

Ash is a very deep-grained wood, resulting in high contrast between the surface and the deepest part of the grain. It is different from Maple in this regard, as Maple tends not to have any grain depth. Ash is also darker in color than maple and some of our lighter standard finishes cannot be achieved on it; MP- 0 NATURAL, MP-2 STRAW. All other standard finishes in the 2003 palette can be used on Ash.

Cerused finish options on Ash

To accentuate the deep grain of Ash we have developed a Cerused finish in each of the light, medium, and dark palettes. This involves a hand wiping process where a lighter color glaze is left in the deep grain to contrast with the surface color.

Notes on the optional use of Option A Woods and Finishes

Option A Woods are species, not finishes. By default, they are offered as shown on the samples and in the finish selector with little or no stain added, to show their natural beauty. Option A Woods can also be finished in the standard MP-Finishes, as long as the Option A Wood is lighter than the standard finish you select. **"Cumberland RW-Santos Rosewood and EN-Quartered Macassar Ebony veneers:** As of 2009 these are a processed reconstituted veneer. These veneers have all of the visual characteristics of the natural veneers, but none of the problematic characteristics (deep pitting, cracking, checking) of the natural veneer."

Notes on Conference Tables and Casegoods

Cumberland casegoods are available in several different veneer and lumber species, whereas our occasional tables, benches, and all of our standard finish samples are on Maple. The Standard MP colors are also available for the additional species offered with the Cumberland casegoods. Due to natural graining differences, they make look slightly different, however, the color will be the same.

The following Standard Brayton, Metro, Steelcase and Vecta finishes are matched at no additional charge (All on Maple):

Brayton	1122	Dark Cherry	3542	Medium Maple	3722	Dark Mahogany on Walnut
