Clover Collection Table
Designed by 5d Studio

The Clover Collection offers a complete range of tables, including side, coffee, laptop, conference, and high-top bar. All share the unique faceted top, which echoes the upholstery detail of Clover seating. All tables have the option of a refined stainless steel column base; a four-legged wood base is an option for occasional tables. Because all of the tables are part of the Clover Collection, they can carry a thread of design continuity throughout a space.

A wood, four-legged base on occasional tables establishes an alternative character.

Deep beveled edges create the signature facets on wood.
