Revo

A new chapter in American wood furniture

Revo Lounge Seating
 Designed by David MocarSKI

The refined proportions of Revo seating connote both the heritage of American woodcraft and contemporary technology. With its svelte silhouette, crisp edges, and elegant angles, it is a fresh component in modern environments.

The back changes its personality with a wood or fabric panel

The cushions are as refined as the sculpted wooden frame

The Revo lounge chair is available with and without arms
