

Clover Metal Stools

The Clover Collection Stool is light in scale, yet speaks of quality in its upholstery and a stainless steel base. It shares with the rest of the collection the faceted seat, flowing from the front edge into the contours of the back. And as part of a collection, Clover pieces can carry a thread of design continuity throughout a space that contains different functional environments.

Specifications

Counter and bar stool. Stainless steel base with nylon glides. Upholstered multi-density polyurethane foam seat and back.

Options – Specify:
